NEWSLETTER SPECIAL

NEW SCOREBOARD SYSTEM

As mentioned in the July 2026 newsletter, the old score board system was failing. The committee have spent time looking into replacing the aged system, and we are pleased to announce that the new system has now been installed. It is much more modern and much more flexible, and we are working on getting it operating to its full potential. A demonstration/instruction on how to use the system will be posted to our social media and on the website ahead of the new season.

The TV in the lounge has also been replaced with the old 100-inch screen from the main arena. Live scoring will therefore be shown in the lounge as well as in the arena.
